To whom it may concern

G Harrison Electrical Limited

For many years Gavin has worked alongside Pinelog where he has provided a first rate service for our domestic, commercial and Pinelodges departments.

We have always known G Harrison Electrical to provide excellent value and expertise on all things electrical and as such, they have become an important and trusted partner to us.

I therefore would have no hesitation in recommending G Harrison Electrical Limited for electrical work of all types.

Nick Grayson  
Managing Director

Pinelog Limited
